MCCAIN'S.

MCCAIN'S, March 7.—To-day has seemed so spring-like. The balmy sunshine, cooling doves, sweet-colored mocking birds and budding buds, tell us it is almost gone; and how glad we are, for we love summer, with all her beauties. Then it is we love to write to our old friends.

Rev. O. M. Trousdale filled the pulpit at this place Sunday in the absence of the pastor, presenting a good discourse from the text, "Awake, thou that sleepest."

Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for consumption, coughs and colds. It gave me a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at Woldridge & Irvine's drugstore. Regular size 50c and \$1.00. Guaranteed or price refunded. June 15. Nonsense and News, Odds and Ends, Wise and Otherwise.

The Able Editor (ironically)—Is this poetry?

Contributor—Didn't I begin each line with a capital letter?—Boston Traveller.

A countryman walked into a Western newspaper office to advertise the death of his relative. "What is your charge?" he asked the clerk. "We charge two dollars an inch."

"Oh," said the countryman, "I can't afford that; my friend was six feet three inches."

Nels Dingley hopes to get enough out of the Maine disaster to make good the deficit on this year's tariff schedule.

Time may be money, but some people's time is about as valuable as confederate currency.

My liberty ends when it begins to involve the possibility of ruin to my neighbor.—John Stuart Mill.

A Reb to the End.

Bishop Richard Hooker Wilmar, of Alabama, once went to New York in the interest of the Confederate orphanage. He met many Union friends and was dined. A story was expected of him, but he declined, saying he had none, but would offer a conundrum: "Why are we southerners like Lazarus?" There was guessing on all sides of the table, such as: "Because you are poor," "Because you eat the crumbs from the rich man's table," etc. "We're like Lazarus," said the bishop, smiling blandly, "because we've been licked by dogs."

Springtime
is Sick Time

It is impossible for the system to withstand the demands made upon it just at this season, without the assistance of a good purifying and strengthening tonic. The changes which Nature decrees shall take place each spring are so severe that a breakdown is almost sure to come. It is wise that all possible assistance be given during this period, as upon this purifying process depends the health for the entire summer. Everybody just now should take a thorough course of Swift's Specific

S.S.S. For The Blood

which thoroughly cleanses the blood of all the accumulated impurities, tones up and strengthens the entire system, and aids Nature in renovating and renewing the body so as to render it healthy and strong. Those who purify their blood with S. S. S. at this season are well fortified against the many forms of disease so prevalent during the dreaded heated term, for it has been demonstrated that the system that is thoroughly purified in the spring is well prepared to resist disease all summer.

No other remedy on the market is equal to Swift's Specific as a spring medicine, because it is the only purely vegetable blood remedy and is guaranteed absolutely free from potash, mercury and all other minerals. It cleanses, purifies, builds up and strengthens. Insist on S. S. S., for there is nothing half as good.
